

Cloud Application Monitoring Signal Tower

Connects directly to Azure cloud services without external devices or gateways

Microsoft
Azure

Certified

NHP-3FV2W

NHL-3FV2W

Effortless Device Setup

- The digital inputs on the NH-3FV2W allows users to link devices not compatible with the cloud.
- The Azure Device Template allows users to easily configure user-specific parameters and other properties of the NH-3FV2W.

Reliable and Accessible

- The Azure IoT Central is a highly secure platform that enables remote device management and data collection.
